

BOTSWANA

Subject: Upcoming Awareness Day in Botswana

We are excited to announce that on Saturday, March 22, 2025, we will be hosting a day of activities and a walk for awareness at Ratsie Setlhako School in Palapye, Botswana. We have extended invitations to neighboring schools to join us for this important event. The District Commissioner will also invite various stakeholders who contribute to enhancing our support systems.

Additionally, we have sent the letter to the Permanent Secretary at the Ministry of Education to request that all schools across Botswana participate by wearing colorful mismatched socks on Friday, March 21, 2025. The DSAB will prepare a message to be shared during assemblies on this day. We are looking forward to making this year's World Down Syndrome Day (WDSD) a memorable one!
